Employment History

Graduate Researcher at University of Turin - ArsMedia, Turin, Italy

MARCH 2021 – PRESENT

- I actively worked on the website of a European project funded by the Commission in collaboration with ArsMedia (Turin), utilizing HTML and Photoshop predominantly, contributing to the design and stylistic choices of the website.
- I took care of the design and graphics for international PowerPoint presentations for my research team and handled the design and graphics for departmental event posters curated by my team, thereby increasing audience participation and interest.
- I contributed to the success of grant proposals by collaborating with researchers and professors on four international research projects.
- I ensured transparency by creating and presenting project status reports to international stakeholders.

Graduate Researcher at University of Turin, Turin, Italy

APRIL 2019 – OCTOBER 2019

- I made design enhancements to the Migration in Europe university project website and its accompanying documents in accordance with the project manager's directives, increasing their informativeness and working on optimizing the sections related to student orientation. Through the website improvements, I achieved a significant increase of approximately 40% in the number of course participants.

Bookkeeper - Refunds & Payments at University of Turin, Turin, Italy

AUGUST 2019 – SEPTEMBER 2020

- I efficiently managed the reimbursement and payment processes for the faculty and research department using Excel as the primary tool, ensuring the accuracy and timeliness of financial transactions and acquiring a solid understanding of the software suite.
